OPPORTUNITIES
TO ACHIEVE
GLOBAL AWARENESS
AT A YOUNG AGE
ARE ESSENTIAL

www.ourworldcgdm.org

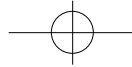

Our World is a place where children can journey across land and sea, transcend time and place, and celebrate the rich and vibrant traditions that shape our world—discovering along the way, that for all our differences, we have much in common.

Our World, Children's Global Discovery Museum, Inc., (CGDM), was formally organized in November 2001 as a non-profit organization to create educational opportunities promoting world awareness. Our World will be located in the 1929 wing of the old Osgood School in Cohasset.

Our World reaches the entire South Shore as well as greater Boston. We are working with public and private schools; arts, science, cultural and childcare organizations to ensure that our mission is extended to all area children.

Our World Children's Global Discovery Museum is thankful to all the generous donors who have provided the prizes for this benefit. We thank you in advance for your support of this endeavor.
